Spotlight

Donna DeCaprio Elected President of UNITE HERE Local 54 in Historic Uncontested Election

June 2nd marks a historic moment in our union's proud history. For the first time in nearly four decades, our Executive Board was elected by acclamation — a powerful affirmation of unity, trust, and shared purpose among our membership.

"I am deeply grateful for the dedication, hard work, and support of the Local 54 staff, Executive Board, committee, and membership. I would like to congratulate the entire Executive Board. We have an amazing team."
- Donna DeCaprio

This moment is made even more significant by the strength and diversity of our leadership. Our Executive Board reflects the rich fabric of our union: inclusive of gender, ethnicity, religion, job classification, and workplace location. This is not only a milestone in representation but a testament to the growing solidarity that binds us across all our differences.

As we look to the future, we are united in our mission to protect the rights of all workers, raise our standards, and build a stronger, more inclusive union for generations to come. Together, we move forward — stronger, united, and ready to lead.
